IRB Insights

-
- COIR HRPP review LIVE
 - VII.A.1 implications
 - What's next?
 - External IRB & HRPP process update
 - Cash Handling & HawkIRB integration
 - Research Team Member updates
 - Section VI redesign
 - Communication & Resources

COIR Review Added as HRPP Committee

- **COIR** = Conflict of Interest in Research
- Equivalent to the HSO review for the IRB
- Why does it appear?
 - A financial conflict exists for one or more research team members
- Does **not** necessarily mean the financial conflict is related to the research
- **Related** financial interests require CIRC review

COIR Review Process in HawkIRB

Status Updates	COIR review is visible in HawkIRB, consistent with other HRPP reviews to keep you informed throughout the review process.
Concurrent IRB Review	IRB approval may occur before COIR review is complete. Once COIR review is completed, the committee line displays “ Received. ”
Automated Notification	Email sent out if IRB approval issued but COIR Review remains outstanding.
Management?	If no further review necessary, the COIR line displays “ Received. ” If a financial conflict requires management, CIRC committee review will appear.

Section VII.A.1

Section VII.A.1 Implications for UIHC Research

VII.A.1 Research Locations

- High level identification of larger UI Health Care physical locations.
- Select UI Health Care, then UI Health Care “Other” for any UIHC sites not listed

Modify

- Modification required to take advantage of study specific updates to the UIHC Clinical Research & Trials Website

Why Important?

- Submit modification sooner rather than later so there is consistency across all research opportunities
- Concise identification of where subjects would go to participate in a research study

External IRB Updates – Coming soon!

HRPP Integration Extends to all External IRBs

WCG processes allow the External IRB review concurrent with HRPP reviews.

This will be extended to all external IRBs.

Go Live May 4.

HSO reserves right to require HRPP review first.

What's Next with the HawkIRB Redesign?

- Cash Handling & HawkIRB integration continuing
- Research Team Member updates
- Section VI redesign
