IRB UPDATES

**CHANGES TO UIHC PHARMACY & THERAPEUTICS (P&T) REVIEW
AND APPROVAL OF HUMAN SUBJECTS RESEARCH**

**To: IRB-01 or IRB-03 Researchers conducting human subjects research requiring UIHC
Pharmacy and Therapeutics review and approval**

Effective Monday 8/18/2014, the UIHC Pharmacy & Therapeutics Committee and UIHC Pharmacy & Therapeutics Investigational Drug Service (IDS) reviews have been split and will be recognized as two separate committee reviews in the HawkIRB application system. Prior to this separation, the approval of the P&T IDS was sent to the P&T Committee contact to incorporate as part of a combined review. With these changes, the HawkIRB system will automatically notify two separate committee contacts when studies require P&T and P&T IDS review and approval. A separate committee line has also been created for the P&T IDS to document questions, comments, and committee approvals. Below is a screenshot of what will now appear in the Other Review section of the HawkIRB application for required the P&T committee reviews and approvals:

Other Reviews

Reviewed By	Other Review Identifier	Date	Date Received	Attachments	Status	PI Initiated
P&T	<input type="text"/>		<input type="text"/>	Review Doc	Pending	
P&T IDS	<input type="text"/>		<input type="text"/>	Review Doc	Pending	

P&T IDS forms located on the HSO website are now integrated into the HawkIRB application and are located under the “Review Doc” category listed above.

The P&T IDS forms: Investigational Drug Study Standard Charge Worksheet and the Investigator-Dispensed Drug Study Form.

CHANGES TO PHARMACY & THERAPEUTICS (P&T) REVIEW

The P&T Committee contacts will remain unchanged. For questions over the P&T review and/or approval process, contact the P&T Liaisons: Ron Herman (319) 335-4825 and ronald-a-herman@uiowa.edu OR Jamie Smelser (319) 353-7376 or jamie-smelser@uiowa.edu

P&T Investigational Drug Service (IDS) contacts also remain the same. Contact: Kristine Johnson (319) 356-2577 and kristine-johnson@uiowa.edu OR Joanna Nohr (319) 356-2577 and joanna-nohr@uiowa.edu.

Additional information on the P&T\IDS review and approval process can be found on the [HSO website](#).
